CONGRADULATIONS 2009 HAWAII GRADUATES

Vol. 7, MMIX

Congratulations to the spring 2009 graduates of University of Phoenix Hawaii Campus, Honolulu Community College and Hawaii State Department of Education Community School for Adults. We were proud to assist these schools with their show labor and technical needs for each commencement ceremony.

Neil Blaisdell Concert Hall,
Honolulu, Hawaii

Also, a big Mahalo to University of Hawaii Symphony Orchestra for putting on a great show at the Blaisdell Concert Hall. Our technicians helped in the planning and setup of the director's need to have an orchestra shell, and have a quality sound engineer to make the students sound their best.

IMPACT!

We at In-House Production pride ourselves in providing the best and most qualified workers. We care about you, your show and people working it and that is why some of our staff went to this training. To ensure a safe working environment, our employees know that knowledge, skill, discipline, and professionalism play key roles of a model employee and that is why they know of signs of drug use. We encourage education of the effects of drug use and the potential harmful effects on not only themselves but to their fellow workers.

FEATURE PRODUCT

In-house Production's Portable Gantry System, installed in a theater to move objects over a hole in the stage.

[More Details](#)

Got something big to move and not sure how to do it? Let In-House Production help with our Gantry System. With 2' and 3' Trolleys that glide on an aluminum I beam, this system is easy to setup, breakdown and use. With various lengths of I beams running along 20.5" or 12" truss, all most any floor coverage is possible. Let one of In-House's Project Coordinators assist you with any planning and/or implementation of our gantry system.

MATERIAL HANDLING

To work with you to meet budget and timelines, In-House Production has the experienced employees to meet your needs when it comes to material handling. Including but not limited to: moving or installing pallet racking, shelving, lockers or conveyor systems. Some of our past clients include: Stations Casinos, Hanam Market, NV Energy, Las Vegas Metropolitan Water District and Metropolitan Police Department.
